

Environmental Policy

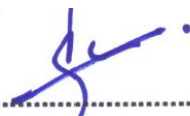

EOS Power India Pvt. Ltd. is an environmentally conscious company and is committed to protecting the local and global environment of the Earth.

Our activities include: Design, development, manufacturing and services of Switch mode Power supplies, related electronic assemblies and their associated business administration.

Top management is committed to ensuring that the Company:

- Complies with all compliance obligations, where these relate to our environmental aspects.
- Provides employees and others with the resources needed for the EMS, including support, direction and encouragement to fulfill the requirements, commensurate with their role.
- Maintains our registration to the environment management standard BS EN ISO 14001: 2015, as defined within the scope of our EMS.
- Strives to integrate the EMS into all business processes.
- Supports other relevant management roles to demonstrate leadership as it applies to their areas of responsibility.
- Protects the environment, prevents pollution and minimize the consumption of resources.
- Minimizes waste to landfill by reducing our waste generation and by segregating and recycling waste where economically and operationally feasible.
- Co-ordinates business transport so as to reduce consumption.
- Uses energy, water, materials and other natural resources as efficiently as possible, giving particular regard to the long-term sustainability of consumable items.
- EOS Power's senior management is committed to ensure that protection of the environment is firmly embedded in both the company's and all employees culture and will endeavor to influence its suppliers and customers in a similar strategic environmental manner
- Educate, train and motivate employees to carry out tasks in an environmentally responsible manner and ensure that a continuous professional development strategy remains core to our business goals
- Employees and other organizations are expected to co-operate and assist in the implementation of this policy, whilst ensuring that their own work, so far as is reasonably practicable, is carried out without risk to themselves, others, or the environment.
- Consider the wider global impact of all our activities including those of our suppliers, customers and other stakeholders
- Encourage environmental protection among suppliers and subcontractors
- Gives appropriate consideration for the environment in the products and services we provide to customers.
- The Company is committed to continual improvement of environmental performance. This Policy will be communicated to all staff, contractors and organizations working for or on our behalf and be available to the public through selected media.

This policy statement is available to interested parties, upon Company portal.
