ROHS Compliance Statement

Directive 2011/65/EU – ROHS recast.

EOS Power India Pvt. Ltd. is committed to be in compliance with all applicable laws and regulations globally. We are approaching environmentally applicable laws in EU timely by our planned work and manufacture the products in compliance with EU regulations.

On July 1, 2011, RoHS II Directive 2011/65/EU was published in official Journal of European Union. One exemption 7 (c)-III: “Use of lead in the ceramic dielectric material of capacitors with a rated voltage of less than 125VAC or 250VDC and the equipments which use those components” will expire on January 1, 2013.

We hereby affirm that the power supply models manufactured by EOS Power are in full compliance with RoHS II Directive. Our products with Ceramic capacitors are without 7c-III exemption since April 2012 as per the confirmation received from our suppliers.

Regards,
