

EOS Power India Appoints Director of Global Business Development – Mumbai - India, Sept 1st, 2016

EOS Power is proud to announce that as of September 1st, 2016 Mr Ajank Uhle will join the EOS Power team in the position of Director of Global Distribution. “Mr Uhle brings with him a wealth of experience in the power electronics business and will be a huge asset for EOS Power as the company grows and expands its product and capability offerings in the years to come”

Mr Uhle is a business graduate who has worked for many years in the position of EMEA Distribution Manager for Cosel Power, he is well known in the power industry as a high achiever offering great support and knowledge to channels and customers globally. Mr Uhle will work closely with the EOS Power engineering and business development teams to ensure the EOS Power end customer and channel requirements are expanded and improved. “ We are immensely proud to have attracted such an industry veteran to EOS Power”

Ajank is based out of Frankfurt, Germany, and will support us with Global Distribution and Product Marketing.
