

Quality Policy Statement

EOS POWER INDIA PVT. LTD. is engaged in product design, manufacturing, distribution and services of Switch mode Power supplies and related electronic assemblies.

EOS Power has a vision to provide innovative technological solutions, products, and services to its customers.

Top management is committed to:

- Provide quality systems that are designed in accordance with the requirements of ISO 9001:2015 while meeting Statutory and Regulatory requirements applicable to products and services.
- Making Quality, the responsibility of every employee within the organization by demonstrating commitment to quality and by monitoring and maintaining the effectiveness of our quality systems through business process metrics.
- Fostering an environment of continual improvement in products and processes and achieving operational efficiency by attaining better productivity and profitability
- Continual improvement of Quality Management Systems by ensuring the risks and opportunities that can affect conformity of products and services and the ability to enhance customer satisfaction are determined and addressed.

This policy will be communicated to all employees working for or on behalf of EOS Power India Pvt. Ltd. Employees and other organizations are expected to co-operate and assist in the implementation of this policy, whilst ensuring that their own work, so far as is reasonably practicable, carried out without risk to themselves, others, or the environment.

This policy will be reviewed annually by top management and where deemed necessary will be amended and re-issued. This policy is available on EOS website for the reference of interested parties.
